JOHN MORRIS IS FOUND NOT GUILTY

Jury Finds That Keeping Change of
Creditor is Not Larceny
Within Law.

REQUIRED ONLY ONE BALLOT

Prosecuting Witness Bought Five
Cents Worth of Nails and De-
fendant Kept \$9.95.

The jury which heard the petit larceny charge against John Morris, local hardware merchant, today in police court, returned a verdict of not guilty after being out long enough to take one ballot. The question of whether crediting change on a purchase to an account involved larceny was decided, the jury holding that there was no intent at a theft.

Boxley purchased five cents worth of nails at the Morris store and tendered in payment a \$10 bill. Morris applied the balance of \$9.95 on an account alleged to be owed by Boxley and then Boxley had him arrested for petit larceny.

Considerable difficulty was experienced in obtaining a jury, almost two hours being consumed before twelve men were finally accepted. Many of the men excused from service had formed or expressed an opinion and declared that evidence could not remove this opinion.

Boxley, the prosecuting witness, was the first to testify for the state. He told of going to the Morris hardware store on Sept. 11 and purchasing five cents worth of nails. He said he tendered Mr. Morris a ten dollar bill in payment for the nails and that Morris went to the cash register and rang up the amount and then told him he would credit the balance of \$9.95 on his account.

Boxley then told of making demand of Mr. Morris for the money and that it was refused. Boxley, on coming out of the Morris store, called to Lowell Smalley and made the demand in the presence of Smalley. Smalley's testimony was for the purpose of showing he heard Boxley ask for his change.

Mr. Morris, on the stand in his own behalf, made no denial of keeping the \$9.95 in change and stated that he handed Boxley a receipt for his money, but that Boxley threw it down on the counter. Morris stated that later in the day an attorney, who said he was representing Boxley, came to see him and told him he had better give the money back or Boxley would "make him a lot of trouble."

Mr. Morris then went to see an attorney and the affidavit was filed

CHARGES TO BE RETURNED

Indictments Are Expected in I. W. W. Cases at Chicago.

(By United Press.)
Chicago, Ill., Sept. 28.—Indications of indictments soon in the I. W. W. case under federal investigation were seen this afternoon when orders were received by the Chicago police department to hold in readiness to assist federal officers. The federal grand jury has been holding secret sessions for two days and the new grand jury is called for next Tuesday, indicating that the present jury has about concluded its work. It is understood that over 100 indictments will be returned.

THIRD SECTION OF 4TH LATE ARRIVING

Probably Did Not Reach Camp Shelby
by Until Last Night, According
to Message.

PROVES PLEASURE JAUNT

The third section of the train carrying the Fourth Indiana Regiment did not arrive at Camp Shelby, Mississippi, until last night, although the first section reached there early yesterday morning, judging from a message received by the Daily Republican today.

The dispatch was sent from Canton, Miss., and stated that the last section would probably reach camp by eight o'clock last night. Relatives of men in the sanitary detachment who were on the last section expected telegrams today announcing their arrival at Camp Shelby, but none had been received this afternoon.

The dispatch to the Republican said the men on the third section would spend last night on the train and enter the camp this morning. They had a pleasure jaunt to the camp. They enjoyed a swim in the river at Paducah, Ky., and took a short hike. The Red Cross at Fulton, Ky., presented the men with postcards. The soldiers were on dress parade and visited the capitol at Jackson, Miss., and also stopped ninety minutes in Memphis, Tenn.

CONTINUES TO IMPROVE

(By United Press.)
Indianapolis, Ind., Sept. 28.—The condition of Governor Goodrich continues to show improved today. He spent another restful night and had enjoyed a low temperature which had enabled him to gain further strength.

Chauncey Duncan went to Winamac, Ind., today on a business visit. I. N. Endres has returned from a business trip to Pittsburgh, Pa.

SHOWS NECESSITY OF WINNING WAR

Judge J. F. Denny of Portland First
Speaker at Defense Council
Meeting Today

LYNCH AND KISTLER TALK TOO

Need of Home Guard For Protec-
tion Emphasized—LaFollette
Pictured German Agent

Emphasizing the necessity of winning the war because of what would likely result if the Hohenzollerns were victorious, Judge J. F. Denny of Portland spoke at the State County of Defense organization meeting at the court house assembly room. He briefly outlined the possibilities of the future in case Germany should win and criticized severely Senators LaFollette, Stone and Gore for the way they had hampered war work in congress.

Judge Denny was the first speaker and P. J. Lynch of Newcastle and Frank M. Kistler of Logansport followed him. George Eberhardt of Huntington, who was the fourth member of the team assigned to this county in the four-day drive the state defense body is making in Indiana, was unable to be present. More than a hundred persons attended the meeting, representing practically every part of the county. Many women were in the crowd.

"If Germany whips us," Judge Denny said, "we will lose the four or five century fight for civilization." He paid his respects to the German sympathizers, saying that if there is a German with a sneaking feeling for the Fatherland, he is not a true American, because no American can have no friendliness for the country which the United States is fighting with all her might.

"You can't serve God and Mammon," he added.

"One of the best agents the Germans have in this country is this man LaFollette from out in Wisconsin," the judge asserted. "He is worth more to the imperial government than the crown prince's army. But his monumental perfidy is not alone confined to the republican party. Senator Gore of Oklahoma and Senator Stone of Missouri are a living shame to the democratic party. All three of them ought to be thrown bodily out of the senate, just as resolutions adopted at Cincinnati last night by unanimous consent favored."

Judge Denny repeated some of the methods used by German sympathizers to stir up trouble in this country. He spoke of the old plan of slyly telling republicans in congress that they should not take an active part in war measures because everything that was done would only bring more credit to President Wilson.

Then he referred to schemes employed right here in Indiana. Judge Denny recalled that democrats had been warned not to have anything to do with the State Council of Defense because Will Hays, republican state chairman, was at the head of the organization, and everything accomplished would only redound to his glory and that of the republican organization. He said these stories were not always repeated by German sympathizers, but that they were started by German agents and thoroughly honest people were duped by them.

"I know you have done your part in every war effort that has been made," the judge said, "but I want to emphasize on you the necessity of organizing a home guard. You may not be in as great need of one here as in larger centers of population, but your home guard stands as a protection to the whole state when the regular militia has all been called out."

"Of course," he added, "the second Liberty Loan must not be passed without the aid of the people."

GREAT ACTIVITY IN AUXILIARIES

Eight Organize Knitting Classes and
Others Speed up Work in
Sewing Classes

MILROY PACKING BOX TODAY

Orange Township Auxiliary Most
Recent Recruit and Has
Large Attendance

Eight Red Cross auxiliaries have organized classes in knitting, which discloses the activity which is being manifested throughout the county in the work. The Milroy auxiliary was today packing a box of hospital garments for shipment to the Bush terminal station, Brooklyn, New York.

The Orange township auxiliary is new in the work. Sewing and knitting classes have just been organized there and the women will meet every Wednesday, one week at Gowdy and the next week at Moscow. There were thirty-four present at the first meeting.

Mrs. Willard Amos supervised the first meeting and explained the work. She showed why hospital garments are made "wrong side out" and emphasized the fact that stitching must be close to the edge so as to do away with lodging and breeding places for vermin.

The auxiliaries which have organized knitting classes are: Arlington, Carthage, Glenwood, Manilla, Mays, Milroy, Orange township and Raleigh. Two hundred and eighteen hanks of yarn have been sent to these auxiliaries.

Mrs. Pink Derringer, Mrs. George Aultman, Mrs. Claud Cambern, Mrs. Phil Wilk and Miss Erema Wilk have instructed these auxiliaries in this branch of the work. Several times the classes have been large enough to keep the instructors busy every minute of the afternoon.

The Milroy Study club is now sewing for the Milroy auxiliary. At the regular meeting of the club this week, the members basted eighteen shoulder wraps and hemmed a dozen towels.

The Milroy auxiliary had no more than completed one box of hospital garments than work was started on another shipment. The box was received Tuesday and today was being packed with the following garments:

Twenty-four bathrobes, twenty-four hospital bed shirts, twenty-four shoulder wraps, forty-eight bed socks, forty-eight cotton socks, twenty-four suits of pajamas, twenty-four pairs of slippers, ninety-six handkerchiefs and four rugs.

NAMES MAN TO BUILD A BASIS FOR PEACE

President Wilson Appoints E. M.
House, His Silent Partner, For
This Purpose.

TO OUTLINE DEFINITE PLAN

By ROBERT J. BENDER
(U. P. Staff Correspondent.)

Washington, Sept. 28.—Col. E. M. House, silent partner of President Wilson has been named to build the basis of America's contingent before the world peace conference, somewhere, sometime in the future.

Announcement was made by the state department that upon the shoulders of his Texas friend the president has placed once more a great responsibility, gathering his practical commercial and geographical facts for this country's use at the peace table.

It is the purpose of the president and Col. House to draft the peace terms of the world's future.

2 AMERICANS ARE KILLED

Soldier Struck in Aid Raid and En-
gineer Dies on Duty

(By United Press.)

Washington, Sept. 28.—Two Americans dead and one injured are found in the casualty list reaching the war department from Gen. Pershing today.

The dead are:

Private James Tracy, engineer's regiment, as a result of an accident in the line of duty; Sergeant Pitt Johnson, infantry regiment. The injured soldier was struck during an air raid.

COAL CATCHES FIRE IN GREENHOUSE BIN

Fuel From Indiana Mines Smoulders
For Two Days and Then Finally
Burns

WARNING FROM FIRE CHIEF

After fighting for two days to control a fire in 90 tons of Indiana coal in the bin at the Moore greenhouses, Glen Moore called the fire department this morning in an effort to check the blaze. Due to the large percentage of sulphur in the Indiana coal it is highly combustible and several different times Mr. Moore thought he had checked the smouldering blaze, only to see it flare up again.

This morning the coal bin became so hot that it forced the men trying to move the coal out into the open and the fire department was called. The huge coal bin was flooded with water and it is believed the fire is now under control. The only damage done was to the coal itself and a large quantity was lost. The burning coal makes no great flame just smoulders, but makes an intense heat. Fire Chief Easley today warned people having Indiana coal stored in their homes and coal bins to watch it as a disastrous fire might result.

be made safe against further aggression. It is not the intentions of this country to interest herself in territorial additions or subtractions except insofar as those changes are necessary to preserve future tranquility.

MURDER JURY DISAGREES.

PROBE OF SLUSH FUND ARGUED

(By United Press.)

Washington, Sept. 28.—Bitterness over the Heflin insinuation of disloyalty in the house reached a climax this afternoon when Representative Heflin and Norton of North Dakota engaged in a personal encounter. Norton asked permission to discuss the house rules committee's decision not to press investigation of Heflin's charges. When Heflin objected Norton strode over to his seat, seized him by the shoulder and shook him.

Other members and the sergeant at arms rushed to the seat and the two were separated. Heflin refused to speak.

RUSH COUNTY WILL SEND 14 ON OCT. 5

Army Selection Board Is Instructed
to Order Twenty Per Cent to
Camp Taylor

TO BE SAFE, WILL SEND 14

Honor of Going in This Increment
Will Fall to First 14 in List Yes-
terday

According to word from State Conscription Agent Eschbach Rush county will send 14 men to Camp Taylor next Friday, Oct. 5. No official word has been received by the local board but preparations have been made to send out the notification cards just as soon as the official order comes.

The fourteen men to be sent from here will represent twenty per cent of the county's quota. The original intention was to send 40 per cent on this date but this was changed when it was found that some boards could not do this and send all white men. No colored men are wanted yet at Camp Taylor and some local boards did not have forty per cent of white men remaining. Twenty per cent of Rush county's quota is 13.2 so in order to be on the safe side the board will send 14 men.

The honor of going in this increment will fall to the first fourteen men in the list published yesterday in the Daily Republican. Sufficient notice will be given the men and they will be expected to report here for instructions next Thursday afternoon. The official schedule has not been received but it is believed that this increment will leave at 7:10 o'clock the same as the other two increments went.

One error crept in the list certified by the district board. The name of John C. Alpha of Manilla was published as being certified for service, and the name of Amos Fisher of Mays omitted. The correct list should show Fisher taking the place of Alpha, as the local board decision in the Alpha case was not reversed. Alpha's order number was 295 and Fisher's 299. This was the only error in the list.

A total of 271 men were rejected because of physical unfitness at Camp Taylor yesterday, but whether any of these men were from Rush county is not known as the local board has not received any official notice.

DRAIN CASES DISMISSED

Two drain petitions were dismissed in circuit court today. They were those of Walter Binford and others and that of Raymond L. Blout and others. In both cases the dismissal was at the costs of the petitioners.

Italian Boy Finds United States is Too Big for Him

Giovanni Ivaldi, 17, Deserts When he
Comes to America to Get Steel
For Government

REACHES RUSHVILLE TODAY

It was a mighty good thing that someone in Rushville could speak Italian today or the police would have been "up against" it in determining what to do with Giovanni Ivaldi, a seventeen-years-old Italian boy. The only English word he knew was "police" and with the aid of Frank Camella and Frank Dimatteo, local Italian merchants, the boy's story was obtained.

He came to this country about sixty days ago on a ship that came here for steel for the Italian government. The boy was in the employ of the Italian government and was to be sent to Baltimore to be

terminated to see just what kind of a country the United States of America is. He traveled from Baltimore to Cincinnati and visited many other cities. He finally landed in Indianapolis and then walked here, taking three days for the trip. He is homesick and desires to return to Italy.

He fears his government will punish him for deserting in Baltimore, but is willing to take the punishment if he can get back to Italy. He said the United States was too big for him. The boy was exceedingly hungry and ate a hearty dinner given him by Camella, despite the large crowd of on-lookers. The police expected to communicate with the Italian consul in Cincinnati this afternoon in an effort to get the boy transportation back east. He talked freely with his Italian countrymen and told them he sailed from

neglected because we must put our soldiers on the front with a loaded gun to shoot the enemy."

Members of the State Council of Defense consider that there are many omissions in the organization of county councils that will be immediately and effectively made up once the word is brought directly home to the people. That is primarily the purpose of the big drive.

It is also stated that if the numerous important requests that come from Washington, the president, the war department and the council of national defense are to be carried out in a way to guarantee the state doing its full share in the war work, the organization must be made much closer in many places. This is not only to make it efficient enough to make Indiana's record creditable, but to prevent failure in vitally important matters.

Simply Breathe It

A Few Minutes' Use of Hyomei Daily Is Best Way to Treat Catarrh.

The pleasantest, most convenient and the only scientific method for the treatment of catarrh is Hyomei. Simply put twenty drops of Hyomei in the inhaler that comes with every package and then breathe it for a few minutes every day.

It seems remarkable that so simple a way of treating catarrh will effect a cure, but the most important discoveries of science have always been the simplest. By breathing Hyomei in this way, every particle of air that enters the air passages of the throat and head and goes into the lungs is charged with a healing balsam that kills the germs and bacilli of catarrh and soothes and allays all irritation.

The first day's use of Hyomei will show a decided improvement and in a short time there should be no further trouble from catarrh. Its action is rapid and lasting.

You take no risk in buying Hyomei. A complete outfit costs but little and if after using, you can say that it has not helped you, you can return it for a full refund.

SUCH A THING AS SAVING TOO WELL
State Food Commission Cautions Against Adopting Starvation Rations at Home

NO TO BE UNDER NOURISHED
(By United Press.)
Indianapolis, Sept. 28.—State Food Commissioner Dr. H. E. Barnard today gave warning, that although we are helping to win the war by cutting down the waste in our kitchens, there is such a thing as saving too well. He said:
"We are winning humanity's war in American's kitchens. Almost overnight we have thrown off our habits of wastefulness and organized an army of thrift. But there is such a thing as saving too well. Thrift is not economy when it is carried too far. Food can be saved by adopting starvation rations, but the saving will be a reckless waste. We must conserve our man power. We must keep ourselves in the finest physical condition. Our children must grow lustily. Meager diets will not make a vigorous people. On the contrary the under nourished quickly fall victims to disease. That is what is happening in France and Belgium. Famine is followed by pestilence and so while we urging the American housewife to practice thrift it will be well at the same time to caution her against parsimony that injures instead of helps.
"Save wisely but not too well," is a word of caution which may well be posted in our kitchens of thrift."

JOHN MORRIS IS FOUND NOT GUILTY BY JURY
Continued From Page 1
before he could determine what to do. Boxley alleges that it was not his account, but Morris maintained that while the account was not originally his, he had assumed it by making a payment and promising to pay more. The account was originally Boxley's father, who is now dead. Morris alleges that Boxley made him one payment and promised another within sixty days. The original account was dated in 1911.
Prosecutor Stevens appeared for the state and the defendant was represented by Samuel L. Trabue. The jury was as follows: William Bliss, John Bussell, Josiah Bishop, Lewis Cline, Oliver M. Dale, John Jordan, John Cohee, William Oneal, Horatio Havens, John Walker, Bert Moor-man and Fred Brown.

—J. H. McDonald of Syracuse, N. Y., is spending a few days here with friends.
—May Lancaster of Fortville, who has been visiting Mr. and Mrs. John Finley and family for the past few days, left for Newcastle today for a visit before returning home.
Quick Relief for Stomach Misery
Use Mi-o-na Tablets, they are one of the most effective and safe remedies for out-of-order stomachs. Besides quickly stopping the distress Mi-o-na soothes the irritated walls of the stomach, strengthens and builds up the digestive organs. Do not suffer another day, get a 60c box at once. CHINA SMASHED ALL PRECEDENTS

When She Entered World War She Set Aside Policy of Ancestors For Centuries.

COUNTRY IN NEED OF MONEY

Conflict is Given Almost Unanimous Support of the Provinces— Rally to The Cause.

By RALPH TURNER
(U. P. Staff Correspondent.)

Tokio, August 20.—(By Mail)—China smashed precedent of centuries when she entered the world war. She cast aside age-old non-resistant, isolation policy of her ancestors. Moreover, although a republic since 1911, and bearing all the trappings and machinery generally approved for the conduct of a republican government, China went into the war without a single nod of assent from her national congress. The reason was that there is no parliament today.

Its disappearance came about through efforts to coerce it in the troublous days when Chang Hsun and his pig-tailed soldiers marched on Peking. Then came the "restoration" lasting just one week, the downfall of Chang Hsun and democracy again.

Why did China decide on war?

Because even disorder and chaos, so frequent in China have not destroyed the Chinaman's austere-ness. Above all things China needs money. She believes avowed declaration of her sympathy for the allied cause will help her get the financial aid necessary to put her house in order. How well this hope is being borne out is illustrated in reports that England, Japan, Russia and France—the "Four Power Syndicate"—is considering a loan of \$50,000,000 (gold).

Not only this, but China hopes for revision of her customs duties, postponement of payments on the Boxer indemnities, a voice at the peace council table where settlement of Tsingtao will be made, expulsion of German interests and German intrigue from her borders and increasing friendship and aid from America.

Incidentally, if aid in men is desired, China has 468,800 soldiers under arms, four great arsenals, a great supply of iron, antimony and other metals—and inexhaustible man power. Some of these coolies are already at work in France.

If Premier Tuan-chi, who has favored war since the break with Germany and Feng Kuo-chang, the real President, have really decided to act together and support each other, China and war should get along very well. Tuan, the man who vanquished Chang Hsun and his imperial dreams, began shortly after his return to office to prepare his war plans. These included the formation of a National Council, which will be the only form of popular representation to have a hand in China's war activities. Some officials proposed to await the convention of the national assembly, submitting the war proposal to this body, but Tuan strongly opposed this, insisting on the necessity of immediate action.

The National Council, composed of ministers, vice-ministers, councilors of the various departments, and two representatives from each province, finds itself endowed with the following powers, duties and limitations.

It will take the place of the provisional legislature organ; its session shall not exceed one year; it will confirm the cabinet's war declaration, modify the parliamentary election law and aid in the organization of Parliament.

At the close of the National Council, Parliament will immediately convene. Thus, Premier Tuan has provided some form of popular approval for his policies.

War against Germany today receives practically the unanimous support of the provinces. As early as August 10th, four-fifths of them had expressed their support. Even the southern districts, which have been threatening revolution and a new government, have rallied to the cause.

PROSPECTS FOR BASKETBALL GOOD

Although Only One Man of Last Year's Five is Left, There Are Many Likely Candidates

AS MANY AS 27 AT PRACTICE

Although one member of last year's team—Captain Norman Reed—is in school this year, prospects for a brilliant high school basketball season are already looming up. Whereas last year at the beginning of the season, it was difficult to get enough candidates out for practice to make two teams, there are now as many as twenty-seven boys report. Martin, Thorpe and Newhouse were lost of graduation and Oakley quit school. There were a number of second team men last year who stand a good chance of making the team this year, however. The hardest place Coach Blank will have to fill is at center, where Martin played with such success during his high school career.

The first game scheduled for this season is with Connersville on November 9. The coach is trying to get a game for November 2. Games have already been arranged with Martinsville, Bloomington, Richmond and a number of other strong quintets. Bloomington will be a new opponent for Rushville, and a formidable one too, because Bloomington was the runner-up in the state tournament last year.

Society

The active members of the Delta Delta Delta sorority of Butler college at Indianapolis entertained the rushees at the home of the president, Miss Mary Padon, Wednesday afternoon. The rooms were decorated with sorority pennants and pine branches. Tuesday evening the alumni members of the sorority gave a pretty dinner dance at the Page country place at which time about seventy-five guests were entertained. The guests were seated at three tables, which were adorned with french baskets of yellow dahlias tied with yellow ribbons and from these baskets blue ribbons extended to the ends of the table. During the evening Miss Elizabeth Cooper favored the guests with several vocal solos. Monday evening the Misses Katherine and Jeanette Gawnne were hostesses to the members of the sorority, the guests of honor being the pledges. Miss June Lines of Milroy was one of the guests of honor at these delightful affairs, she being one of the pledges.

Katherine Green entertained a crowd of little girls with a birthday party yesterday afternoon at her home in North Main street, honoring her eighth birthday. A large cake lighted with eight red candles centered the table. The guests were entertained with games and splendid refreshments were served to the following guests: Frances Kirkpatrick, Emily Mauzy, Elizabeth Waggoner, Katherine Haydon, Eleanor Lambert, Margaret Webb, Agnes Hogsett, Laurette Abercrombie, Jessie and Ruth Allen, Thelma Osborn, Judith Mauzy, Martha Wyatt, Anna May and Jane A. Megee, Alice Logan, Josephine Green, Adonis Gorrell, Ruth Chadwick, Millitine Cross, Virginia Carter, Francesca Sherman, Ellen Jane Crumpacker and Martha Ann Glessner.

About twelve members of the Emmanon club and several guests were entertained by Mrs. Gunn Haydon yesterday afternoon at her home in North Main street. The guests knit and sewed for the Red Cross and the hostess served a salad course, late in the afternoon. The next meeting will be held in two weeks.

Mrs. John Lindale was the amiable hostess, when she entertained the 12 members of the Friday Afternoon Embroidery club and six guests, who were Mrs. Elwood and Mrs. McClure of Connersville, Mrs. Anna Lindale, Mrs. Rolland Murry, Mrs. Dora Murphy and Miss Edna Ruff, today with a pitch-in dinner at her home east of Glenwood. Pretty french baskets of cosmos graced the center of the table. The next meeting will be held with Mrs. Charles Combs.

About twenty-five couples were present at a dance given by the social committee of the Modern Woodmen lodge last evening. Miss Mildred Ross of Connersville, pianist, and Fred McManus of this city provided the music.

The Misses Jeanette Martindale, Mildred Wysong, Hermoine Hughes and Harry Sellam, Roy Dairy, Richard Radcliffe and Clarence Smith all of Connersville were among the out-of-town guests.

Announcement of the marriage of Miss Vernie E. Vankirk, daughter of Rudolph Vankirk of near St. Paul and Walter Harcourt of near Milroy, has been received. The ceremony was solemnized yesterday morning at eleven o'clock at the home of the Rev. C. B. Jones, pastor of the Baptist church. Mr. and Mrs. Harcourt will make their home on a farm near St. Paul.

Mr. and Mrs. John Beale entertained with an all day affair at their country home west of this city yesterday when the guests were Mr. and Mrs. Harry Kramer, Mr. and Mrs. Ned Abercrombie and Mrs. Helen Pierson.

Mr and Mrs Robert J. Hiner entertained today at dinner, the following guests: Mrs. George Hewitt, Mrs. Anna Bronnenberg, Mrs. P. J. McLaughlin of Anderson and Mr. and Mrs. Louis Hiner of this city. Mrs. Bronnenberg is a sister of Mrs. Hiner. An elaborate three course luncheon was served.

Mrs. Louis Mauzy entertained two tables of bridge yesterday afternoon at her home in North Harrison street, honoring Miss Helen Higgins of Manitowoc, Wisconsin, who is the house guest of Mrs. George Dehority. Tempting refreshments were served by the hostess at the conclusion of the pleasant afternoon.

Among those from this city, who attended the dance at Glenwood last evening were the Misses Louise Hogsett, Alleine Green, Helen Dugan and Gladys M. Bebout and Frances Knecht, Harold Perkins, Lawrence Knecht and Edward Meredith.

Twelve members of the Pirate Bridge club had their regular meeting with Mrs. R. L. Tompkins, yesterday afternoon. Dainty refreshments were served. Mrs. Guy Abercrombie will entertain the club in two weeks.

Mr. and Mrs. J. F. Miller will entertain the Rev. and Mrs. W. M. Whitsitt and Mr. and Mrs. L. P. Moses this evening with a six o'clock dinner at their home in North Jackson street.

Dr. and Mrs. P. H. Chadwick and family were entertained at a six o'clock dinner at the home of Mr. and Mrs. Raymond Hargrove, Wednesday evening.

The Woman's Council will meet Monday evening at 7:30 in the Rushville National bank.

Days Pickings

Glen Downey and Frank Hudson ran away from home here yesterday and were caught in Greensburg. The boys said they were enroute to Osgood. A boy friend from Osgood was with them and he was sent home and the two local boys were returned here this morning. They had no special object in view for leaving home except to escape school.

Postal cards received here from members of the sanitary detachment, when they were enroute to Camp Shelby, said that the last section of the train carrying the Fourth regiment stopped at Paducah, Kentucky Wednesday afternoon where the men enjoyed a swim and took a short hike.

Lewis Weingart, formerly proprietor of a meat market and grocery store in Carthage, is dead at his late home in Littleton, Colorado, according to word just received by relatives at Carthage. He was about 72 years old and is survived by a son and a daughter and two sisters.

A section of the street through Carthage which is being improved, has been concreted at the north end and will be open for traffic in two weeks. The work is progressing rapidly will be completed before cold weather.

A. B. Irvin, who was knocked from his bicycle Tuesday by an automobile and suffered a broken collar bone and other serious injuries, is gradually improving at his home in North Main street.

Ida M. Ray has filed a petition in circuit court asking that her husband Edward C. Ray be declared a person of unsound mind and a guardian be appointed.

Miss Ida Dixon, who underwent an operation at the Sexton hospital Monday, is improving nicely.

An eleven pound boy was born to Mrs. DeMoss of West Second street, Wednesday evening.

Mrs. George Suess is ill at her home in North Jackson street.

—Miss Helen Higgins of Manitowoc, Wisconsin, is visiting Mrs. George Dehority of North Harrison street.

HOPES TO REACH QUOTA TOMORROW

Library Board Has \$175 Today, Which is \$70 Short of Allotment to be Raised This Week

MUST WITHOUT SOLICITATION

The war library fund was raised to \$175 by noon today, which is \$70 short of the allotment for the library here, and the library board hoped to get enough contributions this afternoon and tomorrow to reach the required amount. With the exception of a short canvass made by A. L. Gary last Saturday, every cent of the sum has been subscribed without solicitation. This shows, according to members of the board, that practically all of those who have given have done because they really thought it was a very worthy cause.

It is probable that committees will solicit tomorrow from country people who come to Rushville, in an effort to reach the allotment. The eleven giving a dollar and reported today were as follows: Mrs. Sarah Caldwell, Mrs. Lon Link, C. E. Little, Mrs. C. E. Little, George Little, Mrs. Jesse Logan, Miss Nelle Baldwin, Miss Esther Black, Miss Sue Gregg, Miss Edith Wilk and Mrs. C. L. Newhouse.

Because of the small territory which the library here embraces, the quota is small, but the Connersville library, which takes in a number of township, has been allotted a thousand dollars. The Carthage library is also raising \$47, which is separate from the local fund. Miss Nettie Clark, Mrs. Grace H. Porter, W. P. Henley and Jesse Henley are in charge of the work there.

SCHOOL ORGANIZER SPEAKS HERE SOON

Asa J. Smith Will Visit Here in Interests of State Council of Defense Work

WILL SPEAK AT AUDITORIUM

Superintendent J. H. Scholl has received word that Asa J. Smith, high school organizer for the State Council of Defense, will visit Indiana high schools and that he will be here some time in the near future. Mr. Smith will speak on the United States Boys Working Reserve movement. Mr. Smith is now arranging his itinerary and the date for his appearance here will be announced shortly. It is planned to dismiss classes and invite the public to the meeting, which will be held in the Graham Annex auditorium.

A number of city school superintendents have been informed by a letter from Horace Ellis, state superintendent of public instruction, that a compulsory study this year will be a war text book dealing with all voluntary war measures relating to food production, food conservation and the Boys Working Reserve. Supt. Scholl has no news of anything of this sort and it is presumed such a course is only for the larger cities in the state.

5,500,000 GERMANS ARE AT THE FRONT NOW

By HENRY WOOD (U. P. Staff Correspondent.)

With the French Army, Sept. 28. Germany today has fixed 6,800,000 men as the "human material" with which to enforce her demands for a place in the sun. This is the manpower that remains out of a total of 14,000,000 men who have figured on the German military list and passed through the hands of German military arbiters.

Approximately 5,500,000 are now actually at the front and 600,000 are in reserve. The remaining 700,000 are the boy soldiers of the class of 1919 and 1920. They constitute the only resource of human material upon which Germany has to draw. They must fill up the losses in the German army which total 70,000 every month. To date, however, the German general staff has not succeeded in imposing upon the people to seize these youths before they are 18.

"Y. M." CLUB HOUSE WILL BE ERECTED

Another to be Added to Camp Shelby Equipment, Workers Having Found it Necessary

ALL TENTS BEING FLOORED

Excellent System of Roadways is Being Built All Over Camp—Many Now Complete

Camp Shelby, Miss., Sept. 28.—Among the busiest people at Camp Shelby these days are the directors of the Army Y. M. C. A. Just finished with the big job of building and equipping five big club houses besides the headquarters building, they have found that another one will be necessary and plans are being made for this one. It will be situated within easy access of the remount station and the engineers, a section of the camp which, heretofore, has not had a "Y" building near it.

The showing of motion pictures in the club houses will begin next week and there will be shown two or three nights a week. These shows will be free to all of the men.

On November 11 a campaign of raising funds for the support of the Army Y. M. C. A. will be started all over the country. The fund to be raised is set at \$25,000,000 and the Camp Shelby division is expected to get a goodly sum of this for its work here. On the same date a campaign will be started in this city to raise part of the funds here.

The big job of flooring and siding all of the tents at Camp Shelby was started yesterday with the assemblying of a portion of the great quantities of material necessary to do the work. More than two million feet of lumber alone will be required and it will take the full force of carpenters at hand three or four weeks to do the work.

Another fine job being done at the present time is the building of the fine system of roadways. Work was started yesterday on the main highway stem westward from the railway station and toward the remount

IN MEMORIAM

Arizona Shoppelle, daughter of John and Orlena Shoppelle was born August 10th 1886. She came to brighten the home where she grew to womanhood. She was a great lover of music and flowers. When only eight years old she led the Junior Christian Endeavor meeting in the Christian church at Moscow, of which she became a member when only 11 years of age. Later on in life she was organizer for this church for several years, she served as Sunday, School Superintendent, was organizer and teacher of the Young Ladies class, was a charter member of the ladies aid society and a live wire in all the doings of the church.

On Oct. 30, 1907 she was married to James Honey, with whom she had a pleasant but short journey along life's pathway.

She was in poor health for some time, her affliction was of the most excruciating pain and suffering, but she was brave and made a valiant fight, but lost in the conflict. Just a few hours before her departure she bid her friends a last good-bye. Just after the midnight hour, the death angel came and bore her spirit away, Sept. 19, 1916—aged, 30 years, 1 mo., 8 da.

She left husband, mother, step-father, grandfather and a good many relatives and friends to mourn the loss of a loving wife, an affectionate daughter, a kind neighbor and friend and the church one of its active workers.

The high esteem in which she was held was evidenced by the large crowd and the many floral offerings at the funeral, held in the Moscow Christian church, conducted by the Rev. C. M. Yocum of Rushville, assisted by the Rev. Oldham of Connersville.

Her Sunday School class bore her casket away to its last resting place in the Moscow cemetery, there to await the resurrection morn.

Through all pain, at times she'd smile A smile of heavenly birth; And when the angels called her home She smiled farewell to earth.

Heaven retaineth now our treasure Earth the lonely casket keeps: And the angels sing: "Well done!"

station. The grading has been completed on this piece of roadway and gravel is now being put on and steam rollers put to work. Much of the work of road building has been completed and the camp, within a short time, will have as fine a system of highways as may be found anywhere in the state.

Fred Bell Sells 535 Head, Averaging 270 Pounds Each on The Buffalo Market

HAULED IN A SPECIAL TRAIN

Fred Bell of near Mays returned yesterday from Buffalo, N. Y., with more money realized off a shipment of hogs than any Rush county farmer ever received for a consignment of hogs. He sold 535 head on the Buffalo market Monday for \$19.40 a hundred, the total sale amounting to \$26,203.02. Mr. Bell has been feeding hogs for the market for many years and this shipment brought by far the largest sum of money he ever received for one lot of hogs.

The shipment required nine cars. The hogs averaged two hundred and seventy pounds each before being loaded. A special train was sent to Sexton and the hogs were loaded and taken to Muncie where the train was hooked on to a through live stock train bound for Buffalo.

ONE CENT TAX IS PUT ON LETTERS

House and Senate Conferees Also
Agree on Graduated Zone Tax
on Second Class.

BANK CHECK STAMP TAX, TOO

Senate Provision for Exempting
"Movies" Charging 25 Cents
or More Removed.

The United States senate and house conferees on the war tax bill, after deliberating for two weeks, have completed their work, according to dispatches from Washington today, and one of the most pronounced changes in the bill, which will affect practically everyone, was the decision to assess a one-cent letter tax. This tax was put on the bill in the house and taken off in the senate, but conferees decided to assess the tax, which is estimated to raise \$70,000,000.

The conferees are also reported to have placed a graduated zone tax on second class mail matter. Revenues from automobiles, patent medicines, perfumes and cosmetics and other manufactures would also be increased by the agreement. The one-cent stamp tax on bank checks, eliminated in the senate and estimated to raise \$10,000,000 is reported in Washington dispatches to have been put back into the bill.

Amusement admissions also bear a considerable increase. The senate provision exempting motion picture theatres charging twenty-five cents or less from taxation was changed and provision made for exempting only much cheaper theatres.

After two weeks' deliberation, the conferees reached agreement on the bill—the largest in American history and in the making four months—and sent the revised draft to the printer. While the action was officially said to be tentative, virtually only formal approval of the new draft remains to be voted. Presentation of conference report to the house late today is planned. It will be considered first by the house, and the bills enactment into law next week is regarded assured.

Additional taxes of between \$250,000,000 and \$300,000,000 over the senate bill which totaled \$2,416,000,000, were added by the conferees. As passed by the house the total was \$1,868,000,000.

Senate levies of \$1,060,000,000 on war excess profits and \$842,200,000 on incomes were substantially unchanged, the conference increases being divided among many items with a few new taxes added and many eliminated house provisions restored.

The system of levying war excess profits taxes, however, was practically rewritten in a compromise between the senate war profits and the house excess profits systems. A minimum exemption of 7 per cent on invested corporate capital is said to be provided with modified allowances for intangible assets.

The only change in the senate income tax section was to rearrange and harmonize a few graduated surtaxes on incomes over \$50,000, without substantial change in revenue returns or individual taxation. Normal taxes on individuals and corporations and the lowered individual exemptions as revised in the senate were approved.

Liquor and tobacco sections of the senate draft also were practically unchanged although slight decrease in revenues from whisky and manufactured tobacco probably will result.

CALL ON BANKERS TO BALK GERMANS

Finance to Be Their Battlefield, Secretary McAdoo Says, Opening
Loan Campaign

ISSUE IS FOR \$3,000,000,000

Urges That Corresponding Loan in
Germany Met By A Large Sub-
scription

(By United Press.)

Atlantic City, Sept. 28.—Opening the campaign for the second Liberty Loan of \$3,000,000,000, Secretary McAdoo today called upon the bankers of America to hurl back the German hordes on the battlefields of finance.

"The failure of a single issue of government bonds," McAdoo told the American Bankers Ass'n., "would be worse for America than a disaster upon the field of battle."

America's forthcoming issue, he said, is pitted against a corresponding loan in Germany. Quoting a Berlin manifesto which boasted of a successful campaign in the Teutonic empire, McAdoo said:

"Let us meet that challenge now to a subscription to our second loan which will make clear to the militarists that America can marshal not only her brave soldiers upon the field her invincible navy upon the seas, her industries, but as well her financial resources, and that she can determine to use them all without stint and regardless of sacrifice to vindicate American rights outraged too frequently by Germany."

Before June 30, 1918 the United States will have to raise by additional bond issues between \$13,000,000 and \$14,000,000,000, he said. Approximately \$5,000,000,000 of this will go as loans to our allies.

JOHN MORRIS IS FOUND NOT GUILTY

Jury Finds That Keeping Change of Creditor Is Not Larceny Within Law.

REQUIRED ONLY ONE BALLOT

Prosecuting Witness Bought Five Cents Worth of Nails and Defendant Kept \$9.95.

The jury which heard the petit larceny charge against John Morris, local hardware merchant, today in police court, returned a verdict of not guilty after being out long enough to take one ballot. The question of whether crediting change on a purchase to an account involved larceny was decided, the jury holding that there was no intent at a theft.

Boxley purchased five cents worth of nails at the Morris store and tendered in payment a \$10 bill. Morris applied the balance of \$9.95 on an account alleged to be owed by Boxley and then Boxley had him arrested for petit larceny.

Considerable difficulty was experienced in obtaining a jury, almost two hours being consumed before twelve men were finally accepted. Many of the men excused from service had formed or expressed an opinion and declared that evidence could not remove this opinion.

Boxley, the prosecuting witness, was the first to testify for the state. He told of going to the Morris hardware store on Sept. 11 and purchasing five cents worth of nails. He said he tendered Mr. Morris a ten dollar bill in payment for the nails and that Morris went to the cash register and rang up the amount and then told him he would credit the balance of \$9.95 on his account.

Boxley then told of making demand of Mr. Morris for the money and that it was refused. Boxley, on coming out of the Morris store, called to Lowell Smalley and made the demand in the presence of Smalley. Smalley's testimony was for the purpose of showing he heard Boxley ask for his change.

Mr. Morris, on the stand in his own behalf, made no denial of keeping the \$9.95 in change and stated that he handed Boxley a receipt for his money, but that Boxley threw it down on the counter. Morris stated that later in the day an attorney, who said he was representing Boxley, came to see him and told him he had better give the money back or Boxley would "make him a lot of trouble."

Mr. Morris then went to see an attorney and the affidavit was filed

THIRD SECTION OF 4TH LATE ARRIVING

Probably Did Not Reach Camp Shelby Until Last Night, According to Message.

PROVES PLEASURE JAUNT

The third section of the train carrying the Fourth Indiana Regiment did not arrive at Camp Shelby, Mississippi, until last night, although the first section reached there early yesterday morning, judging from a message received by the Daily Republican today.

The dispatch was sent from Canton, Miss., and stated that the last section would probably reach camp by eight o'clock last night. Relatives of men in the sanitary detachment who were on the last section expected telegrams today announcing their arrival at Camp Shelby, but none had been received this afternoon.

The dispatch to the Republican said the men on the third section would spend last night on the train and enter the camp this morning. They had a pleasure jaunt to the river at Paducah, Ky., and took a short hike. The Red Cross at Fulton, Ky., presented the men with postcards. The soldiers were on dress parade and visited the capitol at Jackson, Miss., and also stopped ninety minutes in Memphis, Tenn.

SHOWS NECESSITY OF WINNING WAR

Judge J. F. Denny of Portland First Speaker at Defense Council Meeting Today

LYNCH AND KISTLER TALK TOO

Need of Home Guard For Protection Emphasized—Lafollette Pictured German Agent

Emphasizing the necessity of winning the war because of what would likely result if the Hohenzollerns were victorious, Judge J. F. Denny of Portland spoke at the State County of Defense organization meeting at the court house assembly room. He briefly outlined the possibilities of the future in case Germany should win and criticized severely Senators LaFollette, Stone and Gore for the way they had hampered war work in congress.

Judge Denny was the first speaker and P. J. Lynch of Newcastle and Frank M. Kistler of Logansport followed him. George Eberhardt of Huntington, who was the fourth member of the team assigned to this county in the four-day drive the state defense body is making in Indiana, was unable to be present. More than a hundred persons attended the meeting, representing practically every part of the county. Many women were in the crowd.

"If Germany whips us," Judge Denny said, "we will lose the four or five century fight for civilization." He paid his respects to the German sympathizers, saying that if there is a German with a sneaking feeling for the Fatherland, he is not a true American, because no American can have no friendliness for the country which the United States is fighting with all her might.

"You can't serve God and Mammon," he added. "One of the best agents the Germans have in this country is this man LaFollette from out in Wisconsin," the judge asserted. "He is worth more to the imperial government than the crown prince's army. But his monumental perfidy is not alone confined to the republican party. Senator Gore of Oklahoma and Senator Stone of Missouri are a living shame to the democratic party. All three of them ought to be thrown bodily out of the senate, just as resolutions adopted at Coopersville last night by unanimous consent favored."

Judge Denny repeated some of the methods used by German sympathizers to stir up trouble in this country. He spoke of the old plan of slyly telling republicans in congress that they should not take an active part in war measures because everything that was done would only bring more credit to President Wilson.

Then he referred to schemes employed right here in Indiana. Judge Denny recalled that democrats had been warned not to have anything to do with the State Council of Defense because Will Hays, republican state chairman, was at the head of the organization, and everything accomplished would only redound to his glory and that of the republican organization. He said these stories were not always repeated by German sympathizers, but that they were started by German agents and thoroughly honest people were duped by them.

"I know you have done your part in every war effort that has been made," the judge said, "but I want to emphasize on you the necessity of organizing a home guard. You may not be in as great need of one here as in larger centers of population, but your home guard stands as a protection to the whole state when the regular militia has all been called out."

GREAT ACTIVITY IN AUXILIARIES

Eight Organize Knitting Classes and Others Speed up Work in Sewing Classes

MILROY PACKING BOX TODAY

Orange Township Auxiliary Most Recent Recruit and Has Large Attendance

Eight Red Cross auxiliaries have organized classes in knitting, which discloses the activity which is being manifested throughout the county in the work. The Milroy auxiliary was today packing a box of hospital garments for shipment to the Bush terminal station, Brooklyn, New York.

The Orange township auxiliary is new in the work. Sewing and knitting classes have just been organized there and the women will meet every Wednesday, one week at Gowdy and the next week at Moscow. There were thirty-four present at the first meeting.

Mrs. Willard Amos supervised the first meeting and explained the work. She showed why hospital garments are made "wrong side out" and emphasized the fact that stitching must be close to the edge so as to do away with lodging and breeding places for vermin.

The auxiliaries which have organized knitting classes are: Arlington, Carthage, Glenwood, Manilla, Mays, Milroy, Orange township and Raleigh. Two hundred and eighteen hanks of yarn have been sent to these auxiliaries.

Mrs. Pink Derringer, Mrs. George Aultman, Mrs. Claud Cambern, Mrs. Phil Wilk and Miss Erema Wilk have instructed these auxiliaries in this branch of the work. Several times the classes have been large enough to keep the instructors busy every minute of the afternoon.

The Milroy Study club is now sewing for the Milroy auxiliary. At the regular meeting of the club this week, the members basted eighteen shoulder wraps and hemmed a dozen towels.

The Milroy auxiliary had no more than completed one box of hospital garments than work was started on another shipment. The box was received Tuesday and today was being packed with the following garments:

Twenty-four bathrobes, twenty-four hospital bed shirts, twenty-four shoulder wraps, forty-eight bed socks, forty-eight cotton socks, twenty-four suits of pajamas, twenty-four pairs of slippers, ninety-six handkerchiefs and four rugs.

COAL CATCHES FIRE IN GREENHOUSE BIN

Fuel From Indiana Mines Smolders For Two Days and Then Finally Burns

WARNING FROM FIRE CHIEF

After fighting for two days to control a fire in 90 tons of Indiana coal in the bin at the Moore greenhouses, Glen Moore called the fire department this morning in an effort to check the blaze. Due to the large percentage of sulphur in the Indiana coal it is highly combustible and several different times Mr. Moore thought he had checked the smoldering blaze, only to see it flare up again.

This morning the coal bin became so hot that it forced the men trying to move the coal out into the open and the fire department was called. The huge coal bin was flooded with water and it is believed the fire is now under control. The only damage done was to the coal itself and a large quantity was lost. The burning coal makes no great flame just smolders, but makes an intense heat. Fire Chief Easley today warned people having Indiana coal stored in their homes and coal bins to watch it as a disastrous fire might result.

be made safe against further aggression. It is not the intentions of this country to interest herself in territorial additions or subtractions except insofar as those changes are necessary to preserve future tranquility.

RUSH COUNTY WILL SEND 14 ON OCT. 5

Army Selection Board Is Instructed to Order Twenty Per Cent to Camp Taylor

TO BE SAFE, WILL SEND 14

Honor of Going in This Increment Will Fall to First 14 in List Yesterday

According to word from State Conscription Agent Eschbach Rush county will send 14 men to Camp Taylor next Friday, Oct. 5. No official word has been received by the local board but preparations have been made to send out the notification cards just as soon as the official order comes.

The fourteen men to be sent from here will represent twenty per cent of the county's quota. The original intention was to send 40 per cent on this date but this was changed when it was found that some boards could not do this and send all white men. No colored men are wanted yet at Camp Taylor and some local boards did not have forty per cent of white men remaining. Twenty per cent of Rush county's quota is 13.2 so in order to be on the safe side the board will send 14 men.

The honor of going in this increment will fall to the first fourteen men in the list published yesterday in the Daily Republican. Sufficient notice will be given the men and they will be expected to report here for instructions next Thursday afternoon. The official schedule has not been received but it is believed that this increment will leave at 7:10 o'clock the same as the other two increments went.

One error crept in the list certified by the district board. The name of John C. Alpha of Manilla was published as being certified for service, and the name of Amos Fisher of Mays omitted. The correct list should show Fisher taking the place of Alpha, as the local board decision in the Alpha case was not reversed. Alpha's order number was 295 and Fisher's 299. This was the only error in the list.

A total of 271 men were rejected because of physical unfitness at Camp Taylor yesterday, but whether any of these men were from Rush county is not known as the local board has not received any official notice.

DRAIN CASES DISMISSED

Two drain petitions were dismissed in circuit court today. They were those of Walker Pinford and others and that of Raymond L. Blout and others. In both cases the dismissal was at the costs of the petitioners.

RECRUIT HANGS HIMSELF

Norton hastily left the floor. Heflin had previously withdrawn the charge against the integrity of certain congressmen, Chairman Pou of the house rules committee announced.

"This proposed investigation," said Pou, "would pull the very props from under a similar investigation which the department of justice is now considering. When it is finished the \$50,000 'slush fund' will be but a drop in the bucket."

Italian Boy Finds United States is Too Big for Him

Giovanni Ivaldi, 17, Deserts When he Comes to America to Get Steel For Government

REACHES RUSHVILLE TODAY

It was a mighty good thing that someone in Rushville could speak Italian today or the police would have been "up against" it in determining what to do with Giovanni Ivaldi, a seventeen-years-old Italian boy. The only English word he knew was "police" and with the aid of Frank Camella and Frank Dimatteo, local Italian merchants, the boy's story was obtained.

He came to this country about sixty days ago on a ship that came here for steel for the Italian government. The boy was in the em-

terminated to see just what kind of a country the United States of America is. He traveled from Baltimore to Cincinnati and visited many other cities. He finally landed in Indianapolis and then walked here, taking three days for the trip. He is homesick and desires to return to Italy.

He fears his government will punish him for deserting in Baltimore, but is willing to take the punishment if he can get back to Italy. He said the United States was too big for him. The boy was exceedingly hungry and ate a hearty dinner given him by Camella, despite the large crowd of on-lookers. The police expected to communicate with the Italian consul in Cincinnati this afternoon in an effort to get the boy transportation back east. He

neglected because we must put our soldiers on the front with a loaded gun to shoot the enemy.

Members of the State Council of Defense consider that there are many omissions in the organization of county councils that will be immediately and effectively made up once the word is brought directly home to the people. That is primarily the purpose of the big drive.

It is also stated that if the numerous important requests that come from Washington, the president, the war department and the council of national defense are to be carried out in a way to guarantee the state doing its full share in the war work, the organization must be made much closer in many places. This is not only to make it efficient enough to make Indiana's record creditable, but to prevent failure in vitally important matters.

Simply Breathe It

A Few Minutes' Use of Hyomei Daily is Best Way to Treat Catarrh.

The pleasantest, most convenient and the only scientific method for the treatment of catarrh is Hyomei. Simply put twenty drops of Hyomei in the inhaler that comes with every package and then breathe it for a few minutes every day.

It seems remarkable that so simple a way of treating catarrh will effect a cure, but the most important discoveries of science have always been the simplest. By breathing Hyomei in this way, every particle of air that enters the air passages of the throat and head and goes into the lungs is charged with a healing balsam that kills the germs and bacilli of catarrh and soothes and allays all irritation.

The first day's use of Hyomei will show a decided improvement and in a short time there should be no further trouble from catarrh. Its action is rapid and lasting.

You take no risk in buying Hyomei. A complete outfit costs but little and it is a sure cure for catarrh.

Barnard Declares They Are Not Only
Healthy But Should Be Cheap
This Year

LARGE CROP IS PROMISED

Price Should Be Sustained in Order
to Insure Another Large Crop
Next Year

(By United Press.)

Indianapolis, Sept. 28.—Eat lots of potatoes. First to help sustain the price to encourage growing of another big crop next year. And secondly to save bread. That was the advice of Harry E. Barnard, Indiana food administrator, given to Hoosiers through the United Press.

"Potatoes taste better today than ever before," explained Barnard. "During the months when they were so scarce that they were real luxuries, we learned to appreciate them. Now that they are cheap again we find them more satisfying than before the long days when they were absent from the table."

"The potato crop will be very large this year for in spite of the high price of seed and the scarcity of labor, the great potato states of Maine, Michigan and Wisconsin planted a large acreage which has been cared for so faithfully, only an unexpected disaster can prevent us from harvesting one of the largest potato crops on record. And besides the effort of the real potato growers, every amateur gardener who planted a few hills in his back yard has contributed to the total crop."

"Potatoes will be cheap. And because they are cheap we should eat them eagerly. There are two reasons for this. We must help sustain the price and willingly pay the reasonable demand of the farmer in order that they may be induced to grow another large crop next year. We must also use the potato as a starchy food for every peck of potatoes we eat, saves several loaves of bread. Large potato eaters are not great bread eaters. They do not need the bread. They get their starch and mineral salts in an excellent form in mashed or boiled or baked potatoes."

"And so in your saving remember that every potato you eat today lays by a little more wheat with which to win the war."

SHOWS CAUSE DAIRY PRODUCTS GOING UP

Dr. J. N. Hurty Cites Fact That
\$100,000,000 Worth of Ice Cream
is Sold Annually.

AT SODA FOUNTAINS ALONE

(By United Press.)

Indianapolis, Ind., Sept. 28.—"The price of dairy products is constantly going up," said Dr. J. N. Hurty, state health commissioner today, "because of the fact that over \$100,000,000 worth of ice cream is sold annually at soda fountains in the United States. Most of this is worse than lost," said the doctor, "because it is consumed at irregular times to indulge the sense of taste. If it were eaten at regular meals the result would be good. Even good things may be abused and it is an abuse to make garbage pails of our stomachs by chucking into them good food at wrong times and under wrong circumstances. You rarely see persons eating ice cream sundaes and the like, who have reached the years of discretion. They have learned. It is safe to say that ninety millions of the one hundred millions spent for ice cream at the soda fountains is worse than wasted, for taken as it is taken, it causes stomach and intestinal troubles with their train of ills."

"If waste makes waste we have in this waste one cause of the scarcity and high cost of dairy products," said the doctor.

SUCH A THING AS SAVING TOO WELL

State Food Commission Cautions Against Adopting Starvation Rations at Home

NO TO BE UNDER NOURISHED

(By United Press.)

Indianapolis, Sept. 28.—State Food Commissioner Dr. H. E. Barnard today gave warning, that although we are helping to win the war by cutting down the waste in our kitchens, there is such a thing as saving too well. He said: "We are winning humanity's war in America's kitchens. Almost overnight we have thrown off our habits of wastefulness and organized an army of thrift. But there is such a thing as saving too well. Thrift is not economy when it is carried too far. Food can be saved by adopting starvation rations, but the saving will be a reckless waste. We must conserve our man power. We must keep ourselves in the finest physical condition. Our children must grow lustily. Meager diets will not make a vigorous people. On the contrary the under nourished quickly fall victims to disease. That is what is happening in France and Belgium. Famine is followed by pestilence and so while we urging the American housewife to practice thrift it will be well at the same time to caution her against parsimony that injures instead of helps.

"Save wisely but not too well," is a word of caution which may well be posted in our kitchens of thrift."

Centralizing Relief
The establishment of a hospital
supply service under the Red Cross
commission in France marks the fur-
ther centralization of activities in
France by the Red Cross. How to
co-ordinate all military hospitals
maintained by American and other
foreign societies and individuals and
to provide them with the supplies
and materials they needed at a mini-
mum cost, was one of the first prob-
lems undertaken by Major Murphy
on his arrival in Paris.
Several warehouses are now being
established by the Red Cross com-
mission throughout France as a part
of the new hospital supply service.
Here drugs, medicines and surgical
instruments will be available for all
hospitals in the department in which
the warehouse is located. Orders
can be filled promptly without even
awaiting approval from Paris.
As director of the new hospital
supply service, the War Council is
sending to France, Stanley Field of
Chicago, a son of the late Marshall
Field. Assisting Mr. Field and in
charge of the various warehouses,
will be business or professional men
volunteering their services for the
period of the war. Five of these
have already been selected and are
now on their way to report to Major
Murphy.
As an operating force for these
warehouses, Major Murphy has asked
the Red Cross to recruit in the
United States a force of five hundred
men over military age. Men of ex-
perience in the building of ware-
houses and the handling of stores,
are preferred.
What this hospital supply service
will mean in increasing effective-
ness of many of the war hospitals in
France is shown in a message re-
ceived from Major Harvey Cushing,
in command of Red Cross Base Hos-
pital No. 3 now in service behind the
British lines in France.
"I cannot tell you how cheered I
was," Major Cushing reported.
"When I found how well organized
the Red Cross was in Paris, and
what a great start you had made.
"When an American officer could
actually walk into the warehouse you
had taken over and find Squibbs and
Mallinckrodt's ether, bathrobes, ad-
hesive plaster, aspirin, surgical in-
struments, aspirating needles, and
many other things which our camps
happen to need, I for the first time
began to realize what the Red Cross
might be able to do for waifs like
ourselves over here.
"It all goes to show what an en-
ormously important part the Red
Cross will undoubtedly come to play
as more people come over and our
affairs over sea get more and more
complicated."

Big Step in Legislation
The recent decision of the United
States supreme court declaring com-
pulsory workmen's compensation in-
surance valid is an important ad-
vance in the new social legislation
which has taken many steps forward
in the last decade.
The earlier industrial accident

drafted, it is true, so that sound
business, as well as public spirit,
made the adoption of workmen's
compensation profitable. But on the
whole the states were slow about
enacting such a law. The Indiana
law, while yet in the experimental
stage, has already demonstrated the
many advantages of this sort of leg-
islation.
Now that the compulsory features
of the law have been sustained by
the supreme court, there will be a
tendency to eliminate the "optional"
clauses from systems in vogue in
many states.

The gem from the Lake county
Times sets a new mark for satire:
"Over in England where they get
their grain from here after losing
lots of it by U-boat ravages, flour
has become so high that they have
raised the price of bread to five
cents a loaf, or a two-pound loaf
for nine cents!"

If Secretary of States Lansing
continues to divulge information re-
garding German intrigue in the Un-
ited States, he will make some fel-
lows "fighting" mad and they will go
and enlist.

Pittsburg Gazette Times: The Ger-
man command is wise to provide
three-week's leave for the soldier
who brings in the first Yankee pris-
oner. He will need it.

**Here's Where The
Fun Comes In**
What "D. D." Really Means
A few years ago Dr. D. Ira Lam-
bert of the First Presbyterian
church received the D. D. degree
from a large university in Ohio.
He was being congratulated by the
members of his congregation and
other friends when a man of his
church who was given to joking ap-
proached Dr. Lambert and asked the
minister if he knew what the "D. D."
really meant.
"I think I do," replied Dr. Lam-
bert.
"Well you turn to Isaiah" the man
said, and he cited the chapter and
verse.
Through curiosity Dr. Lambert
did as bidden and here is what he
read:
"And behold, the shepherds are
all dumb dogs."

under the date of September 25 as
follows:
Dear Mother and Father:—I just
came off guard duty, so Barnard and
I walked over to the Y. M. C. A. We
have all been working hard this week
building company streets. We have
to build five or six more.
We moved this week over into the
artillery camp. Our whole regiment
is going to be transferred into the
heavy artillery. The rest of our
regiment leaves Tuesday for this
place.
I have had my pictures taken, but
haven't got them yet. If they are
good I will send you one; if not, I
will have them taken over again.
It was pretty lonesome last night
when I was on guard and I am pret-
ty tired this morning. Say, wait
until we get to handling those big
guns where it takes 5 or 6 men to
handle one gun. Then we will show
them something. I think I will get
to a first class gunner with one of
them.
The old camp looks rather lonely
today as I sit here looking north out
of the window. I don't see any such
scenes as I would if I were looking
out the windows up there.
This is Sunday morning so I rec-
kon you have all been fixing up to
go to church. I think maybe I will
go up town this evening and see my
girl. I am going down and see the
Gulf of Mexico next Sunday, so when
next Sunday comes look on the map
and you can see where I am.
Well all of you write often and tell
me all of the news.

WHAT SHERMAN SAID ABOUT WAR
SO IS HOUSECLEANING
We wish to remind you of this approaching season. All the heavy
drudgery—the kind that brings the aches and pains at this time can
be eliminated. Those rugs, for instance, why not let us dry clean
them? Let us take out every particle of dirt and grit, and give
them a general scouring. The rugs will look like new, and our
methods add to the lasting quality of the rugs.
Sherman was right—so are we. Ask any housewife. Our dry
cleaning service is for you. Call us up and have us call for them.
We will deliver promptly.
Prices on Cleaning Rugs Gladly Furnished Upon Asking. Curtains, Portieres, Bed
Spreads, Scarfs—in fact nearly everything in your house can be dry cleaned.

CHINA SMASHED ALL PRECEDENTS

When She Entered World War She Set Aside Policy of Ancestors For Centuries.

COUNTRY IN NEED OF MONEY

Conflict is Given Almost Unanimous Support of the Provinces— Rally to The Cause.

By RALPH TURNER
(U. P. Staff Correspondent.)

Tokio, August 20.—(By Mail)—China smashed precedent of centuries when she entered the world war. She cast aside age-old non-resistant, isolation policy of her ancestors. Moreover, although a republic since 1911, and bearing all the trappings and machinery generally approved for the conduct of a republican government, China went into the war without a single nod of assent from her national congress. The reason was that there is no parliament today.

Its disappearance came about through efforts to coerce it in the troublous days when Chang Hsun and his pig-tailed soldiers marched on Peking. Then came the "restoration" lasting just one week, the downfall of Chang Hsun and democracy again.

Why did China decide on war? Because even disorder and chaos, so frequent in China have not destroyed the Chinaman's austere-ness. Above all things China needs money. She believes avowed declaration of her sympathy for the allied cause will help her get the financial aid necessary to put her house in order. How well this hope is being borne out is illustrated in reports that England, Japan, Russia and France—the "Four Power Syndicate"—is considering a loan of \$50,000,000 (gold).

Not only this, but China hopes for revision of her customs duties, postponement of payments on the Boxer indemnities, a voice at the peace council table where settlement of Tsingtao will be made, expulsion of German interests and German intrigue from her borders and increasing friendship and aid from America.

Incidentally, if aid in men is desired, China has 408,800 soldiers under arms, four great arsenals, a great supply of iron, antimony and other metals—and inexhaustible man power. Some of these coolies are already at work in France.

If Premier Tuan-chi, who has favored war since the break with Germany and Feng Kuo-chang, the real President, have really decided to act together and support each other, China and war should get along very well. Tuan, the man who vanquished Chang Hsun and his imperial dreams, began shortly after his return to office to prepare his war plans. These included the formation of a National Council, which will be the only form of popular representation to have a hand in China's war activities. Some officials proposed to await the convention of the national assembly, submitting the war proposal to this body, but Tuan strongly opposed this, insisting on the necessity of immediate action.

The National Council, composed of ministers, vice-ministers, councilors of the various departments, and two representatives from each province, finds itself endowed with the following powers, duties and limitations.

It will take the place of the provisional legislature organ; its session shall not exceed one year; it will confirm the cabinet's war declaration, modify the parliamentary election law and aid in the organization of Parliament.

At the close of the National Council, Parliament will immediately convene. Thus, Premier Tuan has provided some form of popular approval for his policies.

War against Germany today receives practically the unanimous support of the provinces. As early as August 10th, four-fifths of them had expressed their support. Even the southern districts, which have been threatening revolution and a new government, have rallied to the cause.

PROSPECTS FOR BASKETBALL GOOD

Although Only One Man of Last Year's Five is Left, There Are Many Likely Candidates

AS MANY AS 27 AT PRACTICE

Although one member of last year's team—Captain Norman Reed—is in school this year, prospects for a brilliant high school basketball season are already looming up. Whereas last year at the beginning of the season, it was difficult to get enough candidates out for practice to make two teams, there are now as many as twenty-seven boys reported. Martin, Thorpe and Newhouse were lost of graduation and Oakley quit school. There were a number of second team men last year who stand a good chance of making the team this year, however. The hardest place Coach Blank will have to fill is at center, where Martin played with such success during his high school career.

The first game scheduled for this season is with Connersville on November 9. The coach is trying to get a game for November 2. Games have already been arranged with Martinsville, Bloomington, Richmond and a number of other strong quintets. Bloomington will be a new opponent for Rushville, and a formidable one too, because Bloomington was the runner-up in the state tournament last year.

The active members of the Delta Delta Sorority of Butler college at Indianapolis entertained the rushers at the home of the president, Miss Mary Padou, Wednesday afternoon. The rooms were decorated with sorority pennants and pine branches. Tuesday evening the alumni members of the sorority gave a pretty dinner dance at the Page country place at which time about seventy-five guests were entertained. The guests were seated at three tables, which were adorned with french baskets of yellow dahlias tied with yellow ribbons and from these baskets blue ribbons extended to the ends of the table. During the evening Miss Elizabeth Cooper favored the guests with several vocal solos. Monday evening the Misses Katherine and Jeanette Gawn were hostesses to the members of the sorority, the guests of honor being the pledges. Miss June Lines of Milroy was one of the guests of honor at these delightful affairs, she being one of the pledges.

Katherine Green entertained a crowd of little girls with a birthday party yesterday afternoon at her home in North Main street, honoring her eighth birthday. A large cake lighted with eight red candles centered the table. The guests were entertained with games and splendid refreshments were served to the following guests: Frances Kirkpatrick, Emily Manzy, Elizabeth Waggoner, Katherine Haydon, Eleanor Lambert, Margaret Webb, Agnes Hogsett, Laurette Abercrombie, Jessie and Ruth Allen, Thekla Osborn, Judith Manzy, Martha Wyatt, Anna May and Jane A. Megee, Alice Logan, Josephine Green, Adonis Gorrell, Ruth Chadwick, Millitine Cross, Virginia Carter, Francesca Sherman, Ellen Jane Crumacker and Martha Ann Glessner.

About twelve members of the Emmanon club and several guests were entertained by Mrs. Gann Haydon yesterday afternoon at her home in North Main street. The guests knit and sewed for the Red Cross and the hostess served a salad course, late in the afternoon. The next meeting will be held in two weeks.

Mrs. John Lindale was the amiable hostess, when she entertained the 12 members of the Friday Afternoon Embroidery club and six guests, who were Mrs. Elwood and Mrs. McClure of Connersville, Mrs. Anna Lindale, Mrs. Rolland Murry, Mrs. Dora Murphy and Miss Edna Ruff, today with a pitch-in dinner at her home east of Glenwood. Pretty french baskets of cosmos graced the center of the table. The next meeting will be held with Mrs. Charles Combs.

About twenty-five couples were present at a dance given by the social committee of the Modern Woodmen lodge last evening. Miss Mildred Ross of Connersville, pianist, and Fred McManus of this city provided the music.

The Misses Jeanette Martindale, Mildred Wyson, Hermoine Hughes and Harry Sellam, Roy Dairy, Richard Radcliffe and Clarence Smith all of Connersville were among the out-of-town guests.

Announcement of the marriage of Miss Vernie E. Vankirk, daughter of Rudolph Vankirk of near St. Paul and Walter Harcourt of near Milroy, has been received. The ceremony was solemnized yesterday morning at eleven o'clock at the home of the Rev. C. B. Jones, pastor of the Baptist church. Mr. and Mrs. Harcourt will make their home on a farm near St. Paul.

Mr. and Mrs. John Beale entertained with an all day affair at their country home west of this city yesterday when the guests were Mr. and Mrs. Harry Kramer, Mr. and Mrs. Ned Abercrombie and Mrs. Helen Pierson.

Mr. and Mrs. Robert J. Hiner entertained today at dinner, the following guests: Mrs. George Hewitt, Mrs. Anna Bronnenberg, Mrs. P. J. McLaughlin of Anderson and Mr. and Mrs. Louis Hiner of this city. Mrs. Bronnenberg is a sister of Mrs. Hiner. An elaborate three course luncheon was served.

Mrs. Louis Manzy entertained two tables of bridge yesterday afternoon at her home in North Harrison street, honoring Miss Helen Higgins of Manitowoc, Wisconsin, who is the house guest of Mrs. George Dehority. Tempting refreshments were served by the hostess at the conclusion of the pleasant afternoon.

Among those from this city, who attended the dance at Glenwood last evening were the Misses Louise Hogsett, Alleine Green, Helen Dugan and Gladys M. Behout and Frances Knecht, Harold Perkins, Lawrence Knecht and Edward Meredith.

Twelve members of the Pirate Bridge club had their regular meeting with Mrs. R. L. Tompkins, yesterday afternoon. Dainty refreshments were served. Mrs. Guy Abercrombie will entertain the club in two weeks.

Mr. and Mrs. J. F. Miller will entertain the Rev. and Mrs. W. M. Whitsitt and Mr. and Mrs. L. P. Moses this evening with a six o'clock dinner at their home in North Jackson street.

Dr. and Mrs. P. H. Chadwick and family were entertained at a six o'clock dinner at the home of Mr. and Mrs. Raymond Hargrove, Wednesday evening.

The Woman's Council will meet Monday evening at 7:30 in the Rushville National bank.

Days Pickings

Glen Downey and Frank Hudson ran away from home here yesterday and were caught in Greensburg. The boys said they were enroute to Osgood. A boy friend from Osgood was with them and he was sent home and the two local boys were returned here this morning. They had no special object in view for leaving home except to escape school.

Postal cards received here from members of the sanitary detachment, when they were enroute to Camp Shelby, said that the last section of the train carrying the Fourth regiment stopped at Paducah, Kentucky Wednesday afternoon where the men enjoyed a swim and took a short hike.

Lewis Weingart, formerly proprietor of a meat market and grocery store in Carthage, is dead at his late home in Littleton, Colorado, according to word just received by relatives at Carthage. He was about 72 years old and is survived by a son and a daughter and two sisters.

A section of the street through Carthage which is being improved, has been concreted at the north end and will be open for traffic in two weeks. The work is progressing rapidly will be completed before cold weather.

A. B. Irvin, who was knocked from his bicycle Tuesday by an automobile and suffered a broken collar bone and other serious injuries, is gradually improving at his home in North Main street.

Ida M. Ray has filed a petition in circuit court asking that her husband Edward C. Ray be declared a person of unsound mind and a guardian be appointed.

Miss Ida Dixon, who underwent an operation at the Sexton hospital Monday, is improving nicely.

An eleven pound boy was born to Mrs. DeMoss of West Second street, Wednesday evening.

Mrs. George Sues is ill at her home in North Jackson street.

Miss Helen Higgins of Manitowoc, Wisconsin is visiting Mrs.

HOPES TO REACH QUOTA TOMORROW

Library Board Has \$175 Today, Which is \$70 Short of Allotment to be Raised This Week

MUST WITHOUT SOLICITATION

The war library fund was raised to \$175 by noon today, which is \$70 short of the allotment for the library here, and the library board hoped to get enough contributions this afternoon and tomorrow to reach the required amount. With the exception of a short canvass made by A. L. Gary last Saturday, every cent of the sum has been subscribed without solicitation. This shows, according to members of the board, that practically all of those who have given have done because they really thought it was a very worthy cause.

It is probable that committees will solicit tomorrow from country people who come to Rushville, in an effort to reach the allotment. The eleven giving a dollar and reported today were as follows: Mrs. Sarah Caldwell, Mrs. Lon Link, C. E. Little, Mrs. C. E. Little, George Little, Mrs. Jesse Logan, Miss Nelle Baldwin, Miss Esther Black, Miss Sue Gregg, Miss Edith Wilk and Mrs. C. L. Newhouse.

Because of the small territory which the library here embraces, the quota is small, but the Connersville library, which takes in a number of township, has been allotted a thousand dollars. The Carthage library is also raising \$47, which is separate from the local fund. Miss Nettie Clark, Mrs. Grace H. Porter, W. P. Henley and Jesse Henley are in charge of the work there.

SCHOOL ORGANIZER SPEAKS HERE SOON

Asa J. Smith Will Visit Here in Interests of State Council of Defense Work

WILL SPEAK AT AUDITORIUM

Superintendent J. H. Scholl has received word that Asa J. Smith, high school organizer for the State Council of Defense, will visit Indiana high schools and that he will be here some time in the near future. Mr. Smith will speak on the United States Boys Working Reserve movement. Mr. Smith is now arranging his itinerary and the date for his appearance here will be announced shortly. It is planned to dismiss classes and invite the public to the meeting, which will be held in the Graham Annex auditorium.

A number of city school superintendents have been informed by a letter from Horace Ellis, state superintendent of public instruction, that a compulsory study this year will be a war text book dealing with all voluntary war measures relating to food production, food conservation and the Boys Working Reserve. Supt. Scholl has no news of anything of this sort and it is presumed such a course is only for the larger cities in the state.

5,500,000 GERMANS ARE AT THE FRONT NOW

By HENRY WOOD (U. P. Staff Correspondent.)

With the French Army, Sept. 28. Germany today has fixed 6,800,000 men as the "human material" with which to enforce her demands for a place in the sun. This is the man power that remains out of a total of 14,000,000 men who have figured on the German military list and passed through the hands of German military arbiters.

Approximately 5,500,000 are now actually at the front and 600,000 are in reserve. The remaining 700,000 are the boy soldiers of the class of 1919 and 1920. They constitute the only resource of human material upon which Germany has to draw. They must fill up the losses in the German army which total 70,000 every month. To date, however, the German general staff has not succeeded in imposing upon

WILL BE ERECTED

Another to be Added to Camp Shelby Equipment, Workers Having Found it Necessary

ALL TENTS BEING FLOORED

Excellent System of Roadways is Being Built All Over Camp—Many Now Complete

Camp Shelby, Miss., Sept. 28.—Among the busiest people at Camp Shelby these days are the directors of the Army Y. M. C. A. Just finished with the big job of building and equipping five big club houses besides the headquarters building, they have found that another one will be necessary and plans are being made for this one. It will be situated within easy access of the remount station and the engineers, a section of the camp which, heretofore, has not had a "Y" building near it.

The showing of motion pictures in the club houses will begin next week and there will be shown two or three nights a week. These shows will be free to all of the men.

On November 11 a campaign of raising funds for the support of the Army Y. M. C. A. will be started all over the country. The fund to be raised is set at \$25,000,000 and the Camp Shelby division is expected to get a goodly sum of this for its work here. On the same date a campaign will be started in this city to raise part of the funds here.

The big job of flooring and siding all of the tents at Camp Shelby was started yesterday with the assemblying of a portion of the great quantities of material necessary to do the work. More than two million feet of lumber alone will be required and it will take the full force of carpenters at hand three or four weeks to do the work.

Another fine job being done at the present time is the building of the fine system of roadways. Work was started yesterday on the main highway stem westward from the railway station and toward the remount

IN MEMORIAM

Arizona Shoppelle, daughter of John and Orlena Shoppelle was born August 10th 1886. She came to brighten the home where she grew to womanhood. She was a great lover of music and flowers. When only eight years old she led the Junior Christian Endeavor meeting in the Christian church at Moscow, of which she became a member when only 11 years of age. Later on in life she was organizer for this church for several years, she served as Sunday, School Superintendent, was organizer and teacher of the Young Ladies class, was a charter member of the ladies aid society and a live wire in all the doings of the church. On Oct. 30, 1907 she was married to James Honey, with whom she had a pleasant but short journey along life's pathway.

She was in poor health for some time, her affliction was of the most excruciating pain and suffering, but she was brave and made a valiant fight, but lost in the conflict. Just a few hours before her departure she bid her friends a last good-bye. Just after the midnight hour, the death angel came and bore her spirit away, Sept. 19, 1916—aged, 30 years, 1 mo., 8 da.

She left husband, mother, step-father, grandfather and a good many relatives and friends to mourn the loss of a loving wife, an affectionate daughter, a kind neighbor and friend and the church one of its active workers.

The high esteem in which she was held was evidenced by the large crowd and the many floral offerings at the funeral, held in the Moscow Christian church, conducted by the Rev. C. M. Yocum of Rushville, assisted by the Rev. Oldham of Connersville.

Her Sunday School class bore her casket away to its last resting place in the Moscow cemetery, there to await the resurrection morn.

Through all pain, at times she'd smile
A smile of heavenly birth;
And when the angels called her home
She smiled farewell to earth.

The grading has been completed on this piece of roadway and gravel is now being put on and steam rollers put to work. Much of the work of road building has been completed and the camp, within a short time, will have as fine a system of highways as may be found anywhere in the state.

SHIPMENT OF HOGS
BRINGS \$26,203.02

Fred Bell Sells 535 Head, Averaging 270 Pounds Each on The Buffalo Market

HAULED IN A SPECIAL TRAIN

Fred Bell of near Mays returned yesterday from Buffalo, N. Y., with more money realized off a shipment of hogs than any Rush county farmer ever received for a consignment of hogs. He sold 535 head on the Buffalo market Monday for \$19.40 a hundred, the total sale amounting to \$26,203.02. Mr. Bell has been feeding hogs for the market for many years and this shipment brought by far the largest sum of money he ever received for one lot of hogs.

The shipment required nine cars. The hogs averaged two hundred and seventy pounds each before being loaded. A special train was sent to Sexton and the hogs were loaded and taken to Muncie where the train was hooked on to a through live stock train bound for Buffalo.

ONE CENT TAX IS PUT ON LETTERS

House and Senate Conferees Also
Agree on Graduated Zone Tax
on Second Class.

BANK CHECK STAMP TAX, TOO

Senate Provision for Exempting
"Movies" Charging 25 Cents
or More Removed.

The United States senate and house conferees on the war tax bill, after deliberating for two weeks, have completed their work, according to dispatches from Washington today, and one of the most pronounced changes in the bill, which will affect practically everyone, was the decision to assess a one-cent letter tax. This tax was put on the bill in the house and taken off in the senate, but conferees decided to assess the tax, which is estimated to raise \$70,000,000.

The conferees are also reported to have placed a graduated zone tax on second class mail matter. Revenues from automobiles, patent medicines, perfumes and cosmetics and other manufactures would also be increased by the agreement. The one-cent stamp tax on bank checks, eliminated in the senate and estimated to raise \$10,000,000 is reported in Washington dispatches to have been put back into the bill.

Amusement admissions also bear a considerable increase. The senate provision exempting motion picture theatres charging twenty-five cents or less from taxation was changed and provision made for exempting only much cheaper theatres.

After two weeks' deliberation, the conferees reached agreement on the bill—the largest in American history and in the making four months—and sent the revised draft to the printer. While the action was officially said to be tentative, virtually only formal approval of the new draft remains to be voted. Presentation of conference report to the house late today is planned. It will be considered first by the house, and the bills enactment into law next week is regarded assured.

Additional taxes of between \$250,000,000 and \$300,000,000 over the senate bill which totaled \$2,416,000,000, were added by the conferees. As passed by the house, the total was \$1,868,000,000.

Senate levies of \$1,060,000,000 on war excess profits and \$842,200,000 on incomes were substantially unchanged, the conference increases being divided among many items with a few new taxes added and many eliminated house provisions restored.

The system of levying war excess profits taxes, however, was practically rewritten in a compromise between the senate war profits and the house excess profits systems. A minimum exemption of 7 per cent on invested corporate capital is said to be provided with modified allowances for intangible assets.

The only change in the senate income tax section was to rearrange and harmonize a few graduated surtaxes on incomes over \$50,000, without substantial change in revenue returns or individual taxation. Normal taxes on individuals and corporations and the lowered individual exemptions as revised in the senate were approved.

Liquor and tobacco sections of the senate draft also were practically unchanged although slight decrease in revenues from whisky and manufactured tobacco probably will result.

CALL ON BANKERS TO BALK GERMANS

Finance to Be Their Battlefield, Secretary McAdoo Says, Opening Loan Campaign

ISSUE IS FOR \$3,000,000,000

Urges That Corresponding Loan in
Germany Met By A Large Subscription

(By United Press.)
Atlantic City, Sept. 28.—Opening the campaign for the second Liberty Loan of \$3,000,000,000, Secretary McAdoo today called upon the bankers of America to hurl back the German hordes on the battlefields of finance.

"The failure of a single issue of government bonds," McAdoo told the American Bankers Ass'n., "would be worse for America than a disaster upon the field of battle."

America's forthcoming issue, he said, is pitted against a corresponding loan in Germany. Quoting a Berlin manifesto which boasted of a successful campaign in the Teutonic empire, McAdoo said:

"Let us meet that challenge now to a subscription to our second loan which will make clear to the militarists that America can marshal not only her brave soldiers upon the field her invincible navy upon the seas, her industries, but as well her financial resources, and that she can determine to use them all without stint and regardless of sacrifice to vindicate American righteousness outraged too frequently by Germany."

Before June 30, 1918 the United States will have to raise by additional bond issues between \$12,000,000 and \$14,000,000,000, he said. Approximately \$5,000,000,000 of this will go as loans to our allies.

BACK OF EVERY GLOBE RANGE IS INSURANCE

Back of it all you'll find the Electric Welded Ingot Iron construction the reason for Globe Long Service and the

25 YEAR INSURANCE.

The Globe Insurance Policy inspires confidence, it certifies to the merit of the goods.

If you could see how Globe Stoves are made, the great care given each range or heater and the rigid inspection, you would not regard this policy, "daring." On the other hand you would wonder "how on earth that stove can ever wear out."

Globe, hard and soft coal heaters, cast cooks and ranges, and warm air furnaces are just as good as this Electric Welded Ingot Iron "Steel" Range line.
